SAVE PHOTOS IN GALLERY

© Darry D Eggleston, 813.677.2871, DarryD@darryd.com

This shows how to save any photo that you want from inside the Gallery.

1. If you touch the F11 key, on the keyboard, you'll see more of the photo gallery for that event (**Figure 1**).

If you Left-click on any photo, you'll see a full-size version of that photo.

Figure 1

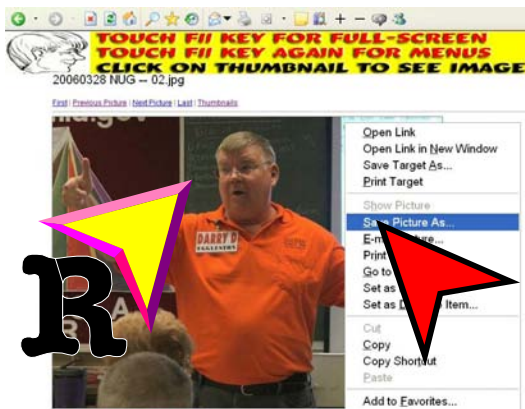

Figure 2

2. Select the photo to be saved (**Photo 2**):

- ❶ RIGHT-click on the photo.
- ❷ Left-click on "Save Picture As..."

3. You can save the photo (**Figure 3**):

- ❶ Windows will save your photos into the "My Pictures" folder of "My Documents."
- ❷ Type the name you want the picture to have.
- ❸ If it's wallpaper you're saving, change the file type to ".BMP".
- ❹ Touch the *Enter* key, on the keyboard, or click on the "Save" button.
