Click on the blue, underlined text to go to its linked reference.

Message Rules can send emails that contain these words to your Deleted Items folder automatically. This does suggest that you check that folder before you begin reading emails in your Inbox so that any (such as e-cards) from your friends are not deleted by accident.

Read [http://darryd.com/OE/Message\\_Rules.pdf](http://darryd.com/OE/Message_Rules.pdf) to learn how to apply these words to Outlook and Outlook Express. Find more lessons, like this one, at <http://DarryD.com/OE>.
