If you've marked Favorites in Internet Explorer, it is easier to manage them, if you'll place them into folders. Here's how to navigate to your Favorites.

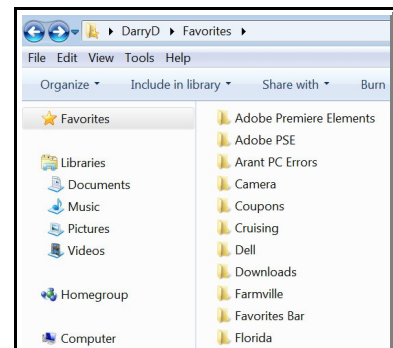

1. Select Start Your Name (**Figure 1**).
2. Double-Click on Favorites in right pane (**Figure 2**).
3. The Favorites are listed in the **right** pane (**Figure 3**). While mine are combined into folders, your Favorites probably will be listed individually.
